**Subject:** RE: SOP Question

Good question, it is redundant. Come on over and look at a few and it may become more obvious. There is an SOP for SOPs which is probably on the shared drive under QA Docs.

**Subject:** SOP Question

I have a silly question.

It's been a while since I have written an SOP, so I need some clarification on the difference between the following:

Introduction  
Objective  
Scope

Thx
